

Going To The Playground

I like to go to the playground.

I have fun with my friends on the playground.

On the playground I can

swing

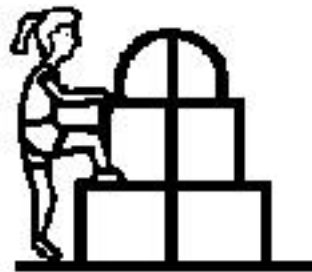

slide

play ball

climb

I need to follow the rules on the playground.

I keep my hands and feet to myself.

I listen to my teacher.

When I follow the rules I will be safe.

My teacher and my friends will be happy.

My friends will want to play with me.

This will make me happy. I like going to the playground.
