

Snack Time Talk

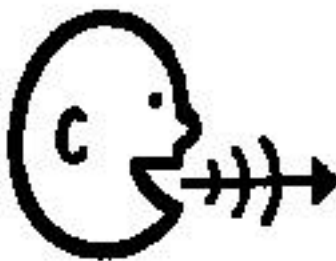

I like snack time.

It's fun to sit and eat with my friends.

During snack time I can say many things.

I can ask for things I need or want by saying

"more please" when I want more

"I want to eat" when I am hungry

"I want a drink" when I am thirsty

"all finished" when I am ready to get
down from the table

I can talk about the food I am eating by saying

"It's yummy!"

"Yuck"

"Mm mm good"

"This is messy"

Now I can ask for what I want and talk about the snack to my friends.

That makes snack time fun!
