

## DON'T READ LIKE THIS!

## LOOK AROUND!

Blinders on the horse means the horse CANNOT look around.

### USING CONTEXT CLUES

A good reader looks around while he is reading. He does not read with blinders. If you come to a word you do not know, LOOK AROUND. This means read the sentence again. Read the sentence before. Read the sentence after. Use your brain to think of a word that MAKES SENSE. This is called using context clues.
